

Suggested Mowing Schedule for 2021

All,

Thanks to David Burton, Dana Carlson, Jack Flemming, Ted Foster, Michael Luelloff, Allyn Reilly, Jean Thomas (sponsor), and Curt Sherman for being part of our mowing team last year. I have heard from most of you for this year. Michael Wootton and Ty Carr have added themselves to the team and Anne Walker as a sponsor. Michael Luelloff has decided not to commit specifically until he is able to see about a knee problem. This suggested schedule is essentially a repeat from last year with a couple of 'global warming' weeks added to the season.

Most of us are 'getting long in the tooth' and mowing the steeper banks in the front and along that high wall on the south side of the church is difficult and not particularly safe. Previously Dana Carlson did some research into installing ground cover in these areas and the vestry plans to revisit this option. We have considerable \$\$ offers and some memorial funds for a landscaping project. So, mowers, for now resist the urge to mow anything more (steep banks) than what is safe for you to do.

I will hopefully try to remember to send out a reminder each week. If you are unable to mow during your scheduled week (Mon-Sat), please switch weeks with another person on the team, or call Michael (262-349-2014), who can mow for you for a fee of \$50 or we may hire someone. Let me know and I will update the schedule. For more information please contact me, Ted Foster, at foster.theodore@gmail.com.

Thank you for helping keep our church yard looking good.
